(2001– 2011)

“You’re An Angel Now”

Rachel is the girl that raised a million dollars!

Though her time on earth was short, this little girl has affected more lives for the good than most.

For her 9th birthday she wanted to raise \$300 for <http://www.charitywater.org/> which supplies clean and safe drinking water to people in developing nations. A month after her birthday, she had raised only \$220.

Sadly on July 20, 2011, Rachel was in a thirteen vehicle pile-up. July 23, she was taken off life support.

From donations all over the world, by August 12, 2011 Rachel Beckwith's campaign raised over \$1 million!

“Saying that God allows something to happen does not mean that He wants it to happen.

Only people who have lived on earth become angels.

Words cannot describe the varieties of heaven’s bliss, rapture, pleasure, and delight

– the joys of heaven –

though these joys give us perceptible feelings in heaven.

These joys enter us only as we distance ourselves from compulsions to love what is evil and false.”

Emanuel Swedenborg (1688-1772)

Rachel Beckwith, your innocent selflessness teaches us all
how to become an angel in heaven.

Thank you!
